ROUTE 210 CLOSURE NOTIFICATION – WEEK OF JANUARY 8

The Route 210 construction project will require the following closures in Rialto and San Bernardino the week of January 8:

Casmalia Street – Intermittent closures

The intersection of Casmalia Street and Lilac Avenue in Rialto will require intermittent closures, January 8 to February 2. Crews will install new drain pipes in the preparation for the new freeway. A flag person will be stationed in the area to direct traffic and enforce safety when a full closure is not necessary. During a full closure, motorists can use Cactus Avenue and Riverside Avenue as an alternate route.

Eastbound Route 30 – Lane closure

A full lane closure of eastbound Route 30 outside lane between Miramonte Drive and H Street in San Bernardino will occur January 8 to 26, from 7 a.m. to 3 p.m. Construction crews will work on utility upgrades.

Highland Avenue – Lane closures

Alternating lane closures for both eastbound and westbound travel will occur on Highland Avenue near California Street in San Bernardino on January 10, from 9 a.m. to 3 p.m. One lane in each direction will maintain open during this period.

Cajon Boulevard – Intermittent full closures

Bridge construction will require intermittent full closures of Cajon Boulevard between Hancock Avenue and Medical Center in San Bernardino. Alternating closures will be in effect through early 2007. During the closures, motorists and pedestrians can use California Street, Highland Avenue and Medical Center Drive as an alternate route. Detour signs are in place to direct drivers through the area.

Casmalia Street – Eastbound closure

Eastbound Casmalia Street at Ayala Drive in Rialto is closed to all motorists. This closure will remain in effect until Route 210 opens in late 2007. During this closure, motorists can use Ayala Drive and Riverside Avenue as an alternate route.

Eastbound Route 30 to northbound Interstate 215

A full closure of the eastbound Route 30 connector to northbound Interstate 215 will continue until the Route 210 construction is complete in 2007. As an alternate route, motorists should travel east on Highland Avenue, north on 27th Street and enter northbound Interstate 215.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
